

Mike Zhang

Senior Vice President, Agilent President, Applied Markets Group

Mike Zhang was named president of the Applied Markets Group in November 2024. He previously served as vice president and general manager of the Gas Phase Division within the former Life Sciences and Applied Markets Group for four months. Prior to that, he was vice president and general manager for the Gas Phase Separations Division. Mike has previously held leadership roles in manufacturing within Agilent.

Over the span of his 22-year at Agilent, Mike has been a manufacturing engineer at Agilent's Shanghai site after spending three and half years as a manufacturing engineer at Carrier. He also had various leadership roles in Agilent's Order Fulfillment and Supply Chain organization and was named global manufacturing manager for GC operations and general manager of Agilent's Shanghai site.

Mike holds a Bachelor of Science in Mechanical Engineering from Xi'an Jiaotong University of China.
