

Visit Agilent at AMP 2024

Time Counts in the Race Against Cancer

Vancouver, British Columbia, Canada
19 to 23 November
Booth 909

Join us at the forefront of molecular pathology

Innovate and inspire at the Association of Molecular Pathology (AMP) 2024 conference with Agilent. This year, we're thrilled to unite leading experts, pioneering technologies, and transformative research to address the field's most pressing challenges. Connect with industry leaders, innovators, and peers who are driving the future of molecular profiling.

Corporate Workshop

Date: Wednesday, 20 November

Time: 1:00 p.m. – 1:50 p.m. PDT

Location: Rooms 215 and 216, Level 2

Discover Agilent's NGS Technologies Implemented for a Pan-Cancer Liquid Biopsy and a Potential Early Detection Test for Gynecological Cancers

Speakers:

Bellal Moghis, MS, MBA,
Product Marketing and Strategy,
Diagnostics and Genomics Group,
Agilent Technologies

Ioannis Ragoussis, PhD,
Professor,
Department of Human Genetics,
McGill Genome Centre

Innovation Spotlight

Date: Thursday, 21 November

Time: 12:00 p.m. – 12:30 p.m. PDT

Location: Innovation Spotlight stage #2

Moving Past Panels: Somatic Exomes and Transcriptomes in an Academic Medical Center

Speaker:

Parth Shah, MD, PhD,
Director of Genomic Informatics,
Assistant Professor of
Pathology and Laboratory
Medicine, Dartmouth

Poster Presentation

Date: Friday, 22 November

Time: 09:00 a.m. – 10:15 a.m. PDT

Poster Number: G050,

Abstract Number: 1873150,

Category: Genomics

Enhanced Extraction and Preservation of Circulating Cell-Free RNA from 50 mL Cell-Free Urine

Speakers:

Mayer Saidian, PhD,
Vice President of Research
and Development
nRichDx

Rainer Nitsche, PhD,
Product Manager
Biomolecular Analytics Division,
Agilent Technologies

PR7001-3332
